SCOPE AND CONTENT NOTE:

This collection documents student activities at the school. Series I & II include correspondence and other documents from the director's office. Series V & VI include student government and committee information. The remaining series document a wide variety of student activities including a journal titled "Social Activities, 1921-1926", Step Singing programs and sheet music from the 1950s and 1960s, the first Arts & Lecture programs and a substantial collection of club and organization minutes.

In the fall semester of 2008, club information became available through the Student Activities web pages and individual pages. Samples of these pages will be printed to capture this form of communication. Student Government and Club minutes which were submitted to the University Archives in print begin to be received in electronic format and are available by request.

SERIES DESCRIPTION:

Series I – Director's Office

This series offers a selection of correspondence and administrative documents reflecting the work of the director and the responsibilities of the Student Center offices.

Series II – Policy and Procedures

This series includes copies of policies, manuals and guidelines for faculty advisors, committees, clubs & organizations. Materials include information on how to establish an organization, how to run a meeting, the operation of the student bank, procedures related to club funding, selecting officers and planning events. The earliest documentation is from 1956. Most of the material dates from the 1970s forward. In the fall of 2009, the student handbook ceased print publication and became accessible in digital format via the departmental web pages.

Series V - Student Government

This series includes minutes and related documents from the Student Council, Student Senate, Student Legislature and Student Government Association. As the budgetary arm of student government, Budget and Management (BAM) committee minutes, reports and budgeting information are also filed in this series. This material dates from 1950 to the present.

Series VI – Committees

This series offers information on committees & boards overseen by the Student Government Association. Committees include Class Officers, Senior Class Committee, the Student Union Board of Governors, the Campus Activity Board (CAB), the Committee for Arts & Lectures (CAL), the Center Operations Board (COB), and the Student Welfare Activity Board (SWAB). There are records as early as 1958 but most of the records begin in the late 1970s aligning with the opening of the "new" student center in 1976.

Series III – Publications

This series is divided into two parts: student publications and general publications. Student publications offers material created, published and distributed by students. Titles include: *Crits and Crans* (1935), *Black Mood* (1969) and *Ahimsa* (1982-83). Long-term student publications, those which were published beyond a 4 year period, like the *Campus Lantern*, are stored

separately in the Archive's Print Collection. General publications include flyers, brochures, handbooks and guide books provided for students use & instruction by the administration.

Series IV – Events

This series includes information about early student activities prior to the opening of the Student Center in 1976. It offers information on a variety of campus-wide events which may be funded by the Student Center, student government groups like the Center Activity Board (CAB) or sponsored by multiple campus departments. Information on club sponsored events are filed within each club's material. (Series VI – Clubs & Organizations). For example, the programs for plays of the Drama Club/Dramatic Society are filed with club minutes as "events". It also includes a large collection of posters created to advertise student events on campus. They have been divided according to their "Educational" or "Entertainment" themes.

Series VII - Clubs & Organizations

This series is the largest record group in the collection. It offers club & organization minutes plus some authorizations, constitutions, by-laws, and events information dating from 1950 to the present. The largest group of records begins in the 1980s and continues to the present. All material is filed alphabetically under the club's name and chronologically within each club's material. This collection does not include records for all clubs and many collections are incomplete.
